

Did you know...
**STARGAZING
IN WESTERN
AUSTRALIA IS A
WORLD-CLASS
EXPERIENCE?**

ASTROTOURISM
WESTERN AUSTRALIA

astrotourismwa.com.au

What makes WA so special?

- The beautiful Milky Way sparkles directly overhead in the Southern Hemisphere
- Perth is the most isolated capital city in the world making it easy to escape bright city lights and find dark night skies
- Country WA is uncrowded with low light pollution
- The air is clean with low humidity and no air pollution allowing crystal clear stargazing

TRY ASTROPHOTOGRAPHY

Capture the beauty of starry night landscapes at astrophotography hot spots.

SEE THE STARS

Use your telescopes and binoculars at dedicated observing sites in welcoming country towns.

LEARN ABOUT CULTURE

Discover Aboriginal Astronomy, what to see and where to look.
